

Blue Bird All Electric Vision School Bus

Technical Description

Key Features:

- Ultra-Safe Design
- Up to 140-mile all-electric range
- Battery capacity = 194kWh
- Zero Emission
- Proven, high-quality components
- Meets FMVSS requirements
- Telematics system tracks bus location and real time monitoring of potential issues
- Top speed of 65 mph
- No Transmission/Shifting
- 0-60 mph Acceleration in 45 seconds
- Peak/Continuous Grade 20%/6% @ 30 mph
- Regenerative braking in motor
- SAE J1772 CCS1 and DC Charging Capabilities
- Level 2 Charging in approx. 8 hours and Level 3 DCFC Charging in approx. 1.5 hours
- Vehicle wheelbases of 217", 252" and 273" with capacity up to 77 school children
