

FY 22-23 HVIP Public School Bus Set-Aside Disadvantaged Community (DAC) and Low-Income Community (LIC) Qualifying School Districts

Published Date 6/1/23

Participation in the HVIP Public School Bus Set-Aside does not require the applicant to qualify for DAC or LIC designation. DAC and LIC designations only affect the applicant prioritization.

Eligible applicants within an eligible air district (small/medium-sized air district) will receive priority during the initial application window if a DAC or LIC falls within the applicant’s boundaries. DAC and LIC priority will be applied using the California Climate Investments Priority Populations map, located online at <https://webmaps.arb.ca.gov/PriorityPopulations/>. DAC and LIC designations will apply to applicants if any overlap occurs between the California Climate Investments Priority Populations map (Disadvantaged Community (map legend color: burnt orange), Disadvantaged and Low-income Community (map legend color: pink), or Low-income Community (map legend color: blue) and the applicant’s boundaries.

The following list does not include California Joint Power Authorities (JPAs), Division of State Special Schools and California County Offices of Education (COEs). If you do not see your school district or organization listed and believe your service area overlaps with the boundaries of a DAC or LIC please contact SchoolBusTeam@CALSTART.org.

Please Refer to the FY22-23 HVIP Implementation Manual, Appendix G for more information on DAC and LIC designations. Appendix G can be found at <https://californiahvip.org/purchasers/#SchoolBus>.

School District	City	Air District	Air District Size
Alexander Valley Union Elementary	Healdsburg	Northern Sonoma	Small
