

Statewide Contracts for Zero-Emission School Buses

The Department of General Services, Procurement Division (DGS-PD) has announced the award of new Statewide Contracts for Zero-Emission School Buses at *contracted pricing* to the State of California and local government agencies for the following Zero-Emission School Bus Types:

Type A

Type C

Type D

Type A with a Cutaway Chassis

Use of the Statewide Contract is encouraged, not required. The statewide contract is available for use by any California public school and can be leveraged regardless of funding source.

For more information on how to use the contracts,
please reach out to the contacts below:
